Mr. Clifton Edwards

To you, Our Students:

The world is full of challenging problems, but these problems need have no fear or terror for you if you have faith.

Aim straight for a solution to all your problems and endure your failures with patience.

Always remember that you cannot help your fellow man by instilling faith in him unless you have faith to instill.

Best wishes to our Seniors as you leave Hanceville High School.

Clifton Edwards

MEMORIES OF THE PAST ...

Although the second of time cannot be turned back, the memories will always remain. The precious memories of past defeats and victories, trials and success, and sadness and joys. But there is a time to put away memories and face the ...

REALITIES OF THE PRESENT ...

The present only lasts for a second, then turns into a memory of the past. Make the most of that second, extend it to the fullest and then prepare yourself for the ... FUTURE.

Dedication

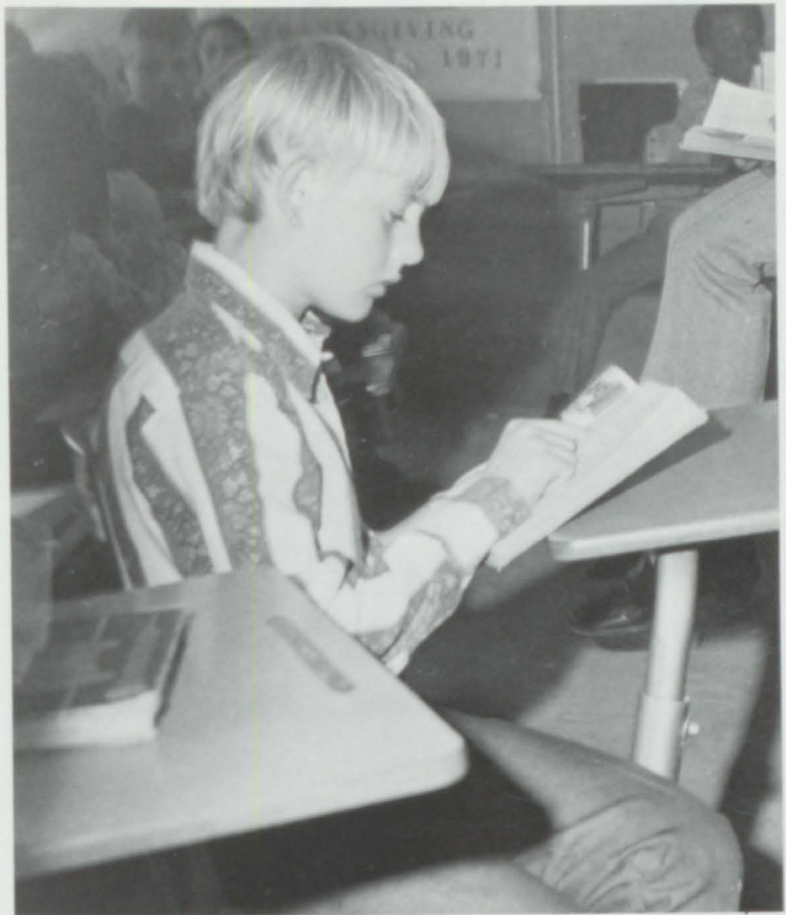

In appreciation for his uncom-
promising work with the annual and
the Leo Club, as general handyman,
teacher, and friend, we, the 1971-
72 Enhancer Staff, dedicate this
silver anniversary edition to Mr.
Rollan "Gomer" Edwards.

This year we are celebrating the 25th anniversary of our annual. Our past annuals may differ in style, but the people pictured in them are basically the same. We all experience the same emotions that were felt 25 years ago.

Let us take you on a journey through time - back through our SILVER ANNIVERSARY ANNUAL where you will see the contrasting idea of the old and the new. Time neither hesitates nor halts. Time is the means by which we grow.

In Memory of Mrs. Ballard

A Life, A Day

Being born is like the early dawn of day,
A trickle of light shining through and making
its way
Into the world of man.

Living our life is the same as the maturing of
this day
And when our day is over we are old and ready
for the darkness.

But on some unfortunate days a dark cloud
covers the light of day. A strange and sudden
darkness we never would suspect.

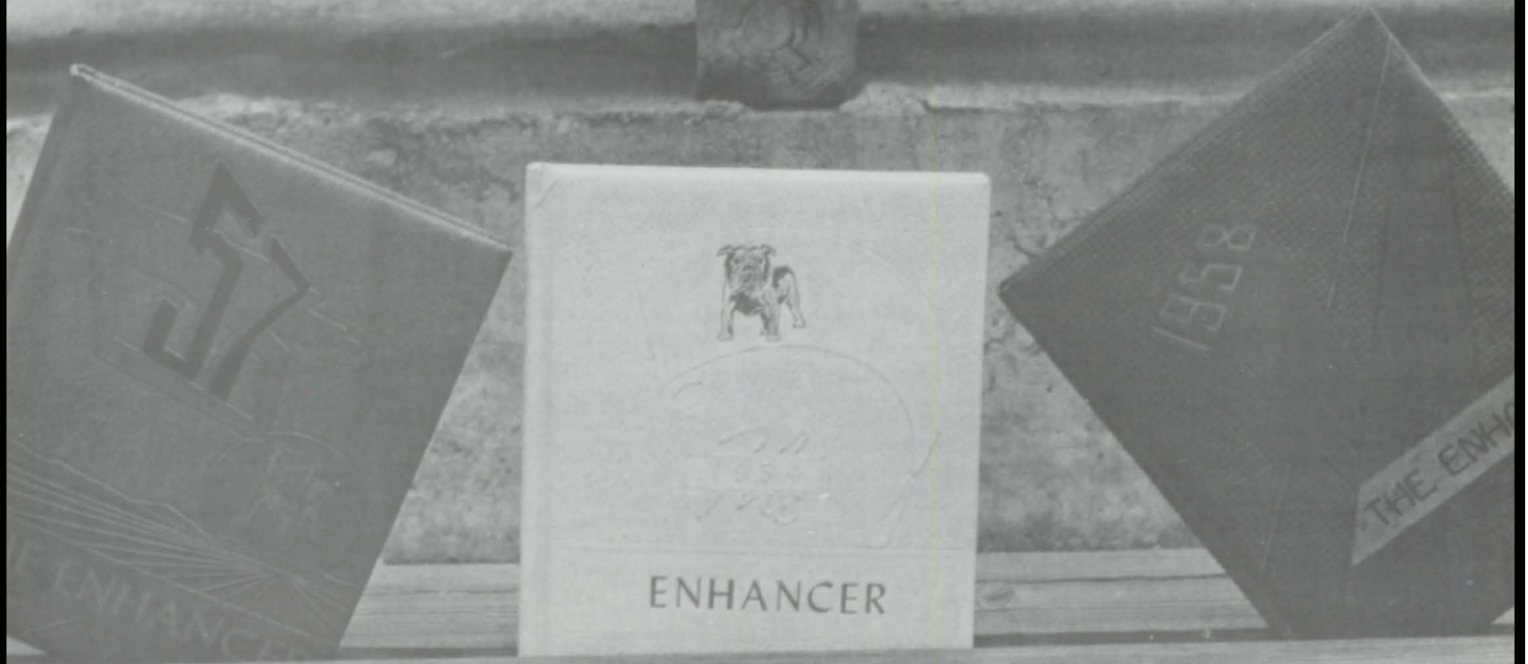

When this happens one should not think about
the darkness but what the light had accomplish-
ed before this cloud appeared.

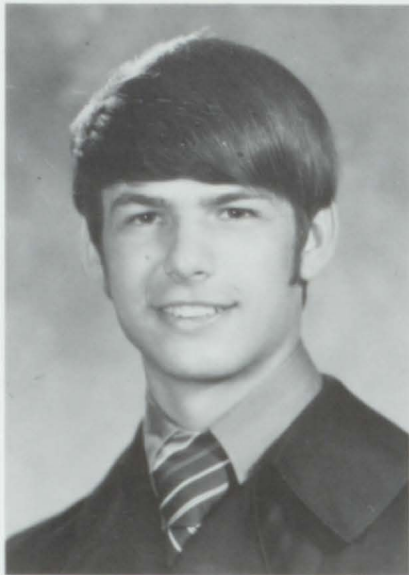

If it had brought some means of understanding
and was left in the memories of others, not all
was wasted.

Surely this day was an important one to many
and we discover that it has left more than just a
memory of its being. It has left knowledge
which will live on in others.

National Honor Society

Honor and achievement are qualities that do not know the limit of time. They are as important today as they were in 1946. The National Honor Society emphasizes academic and social achievement; We the members of the 1971-72 National Honor Society salute the Silver Anniversary of the Enhancer and wish it many more years of service to our school.

Mrs. Trimble

Mrs. Trimble leaves us this year for retirement. She has taught 40 years with 37 of those years at Hanceville. She has taught the first, second, third and fourth grades while at Hanceville. One of her major interests is reading.

Mrs. Trimble said, "I enjoy every minute spent with children and plan to do substitute work at Hanceville in order to keep in contact with children and people." Mrs. Trimble took her B.A. degree from Howard College in 1948. She resides with her husband, Mr. Walt Trimble, in Steppville.

The best of luck in the years to come Mrs. Trimble.
