1969 ENHANCER

Hanceville High School

Hanceville, Alabama

Edition XXII

Foreword

Time stops for no one ...

It is ageless, ... racing, ... never ending ...

Bringing with it a world of excitement ... intrigue ... newness

The good times and those not so good

The forgettable and unforgettable

Moments of pride and those of sadness

But, in the end, a regret when it's all over.

As times goes on, so goes Hanceville High School and the students which are its part.

They come back for another year ... Willing ... hesitant ... escaping.

HHS is many things.

The haze of autumn ... excitement of football ... coffee breaks

and the all-night stands ... Learning ... forgetting ... testing ...

and the cycle begins again ... Picnics and pleasures ... Aimless

Sunday afternoons when there is everything to be done and nothing

gets done ... the everyday things and those special times ...

People ... interesting ... indifferent

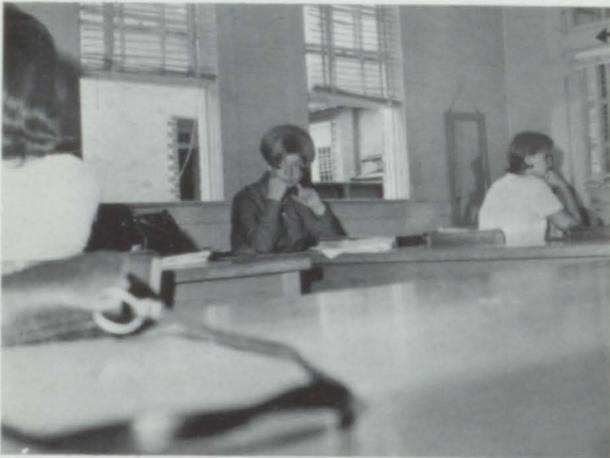

HHS is a challenge ... a new life

Which will forever remain in the memory of those who lived it.

- Kathy Hines, Editor

HHS People Are Individuals . . .

HHS PEOPLE ARE INDIVIDUALS . . .
Whether working, playing, laughing or just
plain thinking, we act as individuals.

It takes many individuals combining their skills, talents, and facilities to comprise the entire student body of HHS. Each of our individuals lives are woven closer together through the various activities carried on at Hanceville High School.

HHS PEOPLE ARE CROWDS ...
Although we live as individuals at HHS, we are still part of a crowd. Whether these crowds are large or small, they play an important role in the life of a student of Hanceville High School.

H. H. S. People are 1969 People! Just who are 1969 People? It is we . . . people who live now. We all have our individual ideas, but each is typical of what is current.

The most outstanding people of this year are the 1969 Seniors. It is they who set the pace for other high school students today and who will tomorrow set the standards for our world.

Yet, we are all a part of this year and of our Hanceville High School. So, H. H. S. People are 1969 People!

It is with deep affection and admiration that we, the Enhancer Staff, dedicates its 1969 Enhancer to a beloved teacher of Hanceville High School . . . Mrs. Byron Wilcutt.

Her life of faith and trust is manifested in all her ways. She gives of her time and service most unselfishly. This great lady is always ready to lend a hand to help her students over a rugged hill or around a treacherous curve.

She is an earnest scholar and a careful, patient teacher. Students of HHS receive much from their association with her. She lights the torch for us and gives us the inspiration to take it up to the peak of achievement.

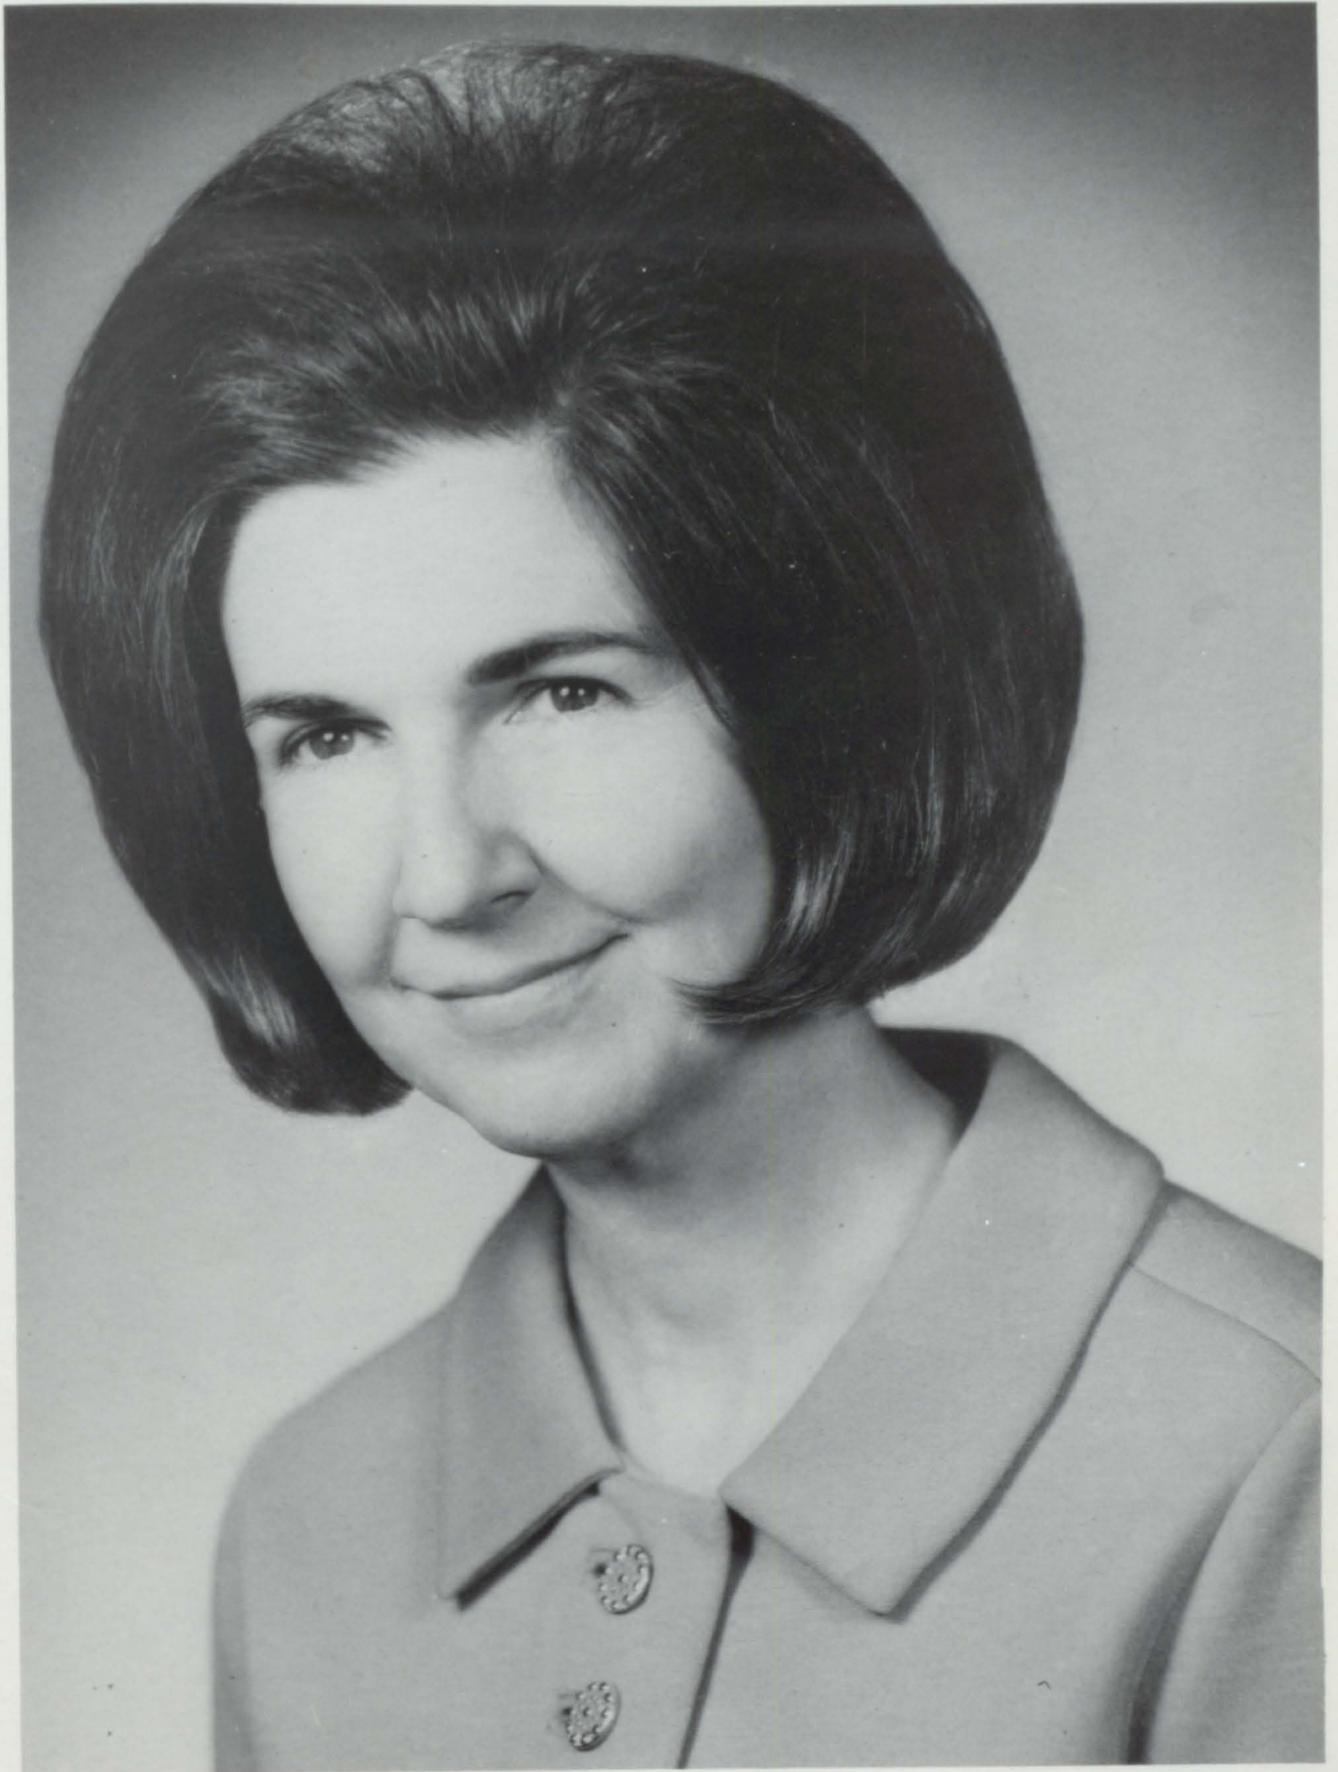

She means much to us and many words could be written in her honor, but these seven seem to express our feelings -

"To know her is to love her."

Office of the Principal
Hanceville, Alabama

Dear Seniors — 1969:

It is our hope that we, the faculty of Hanceville High School, have contributed in some small way toward creating in you, our students, the desire never to be satisfied with your present conditions nor your past attainments.

May you move forward with the purpose of promoting the interest and welfare of your fellowmen and remember that success is measured, not by how much you do, but how well you do.

Senior Banquet

May 3, 1969

The beginning of a great party!

The big brass eats.

Seniors all together for the last time.

The prophecy

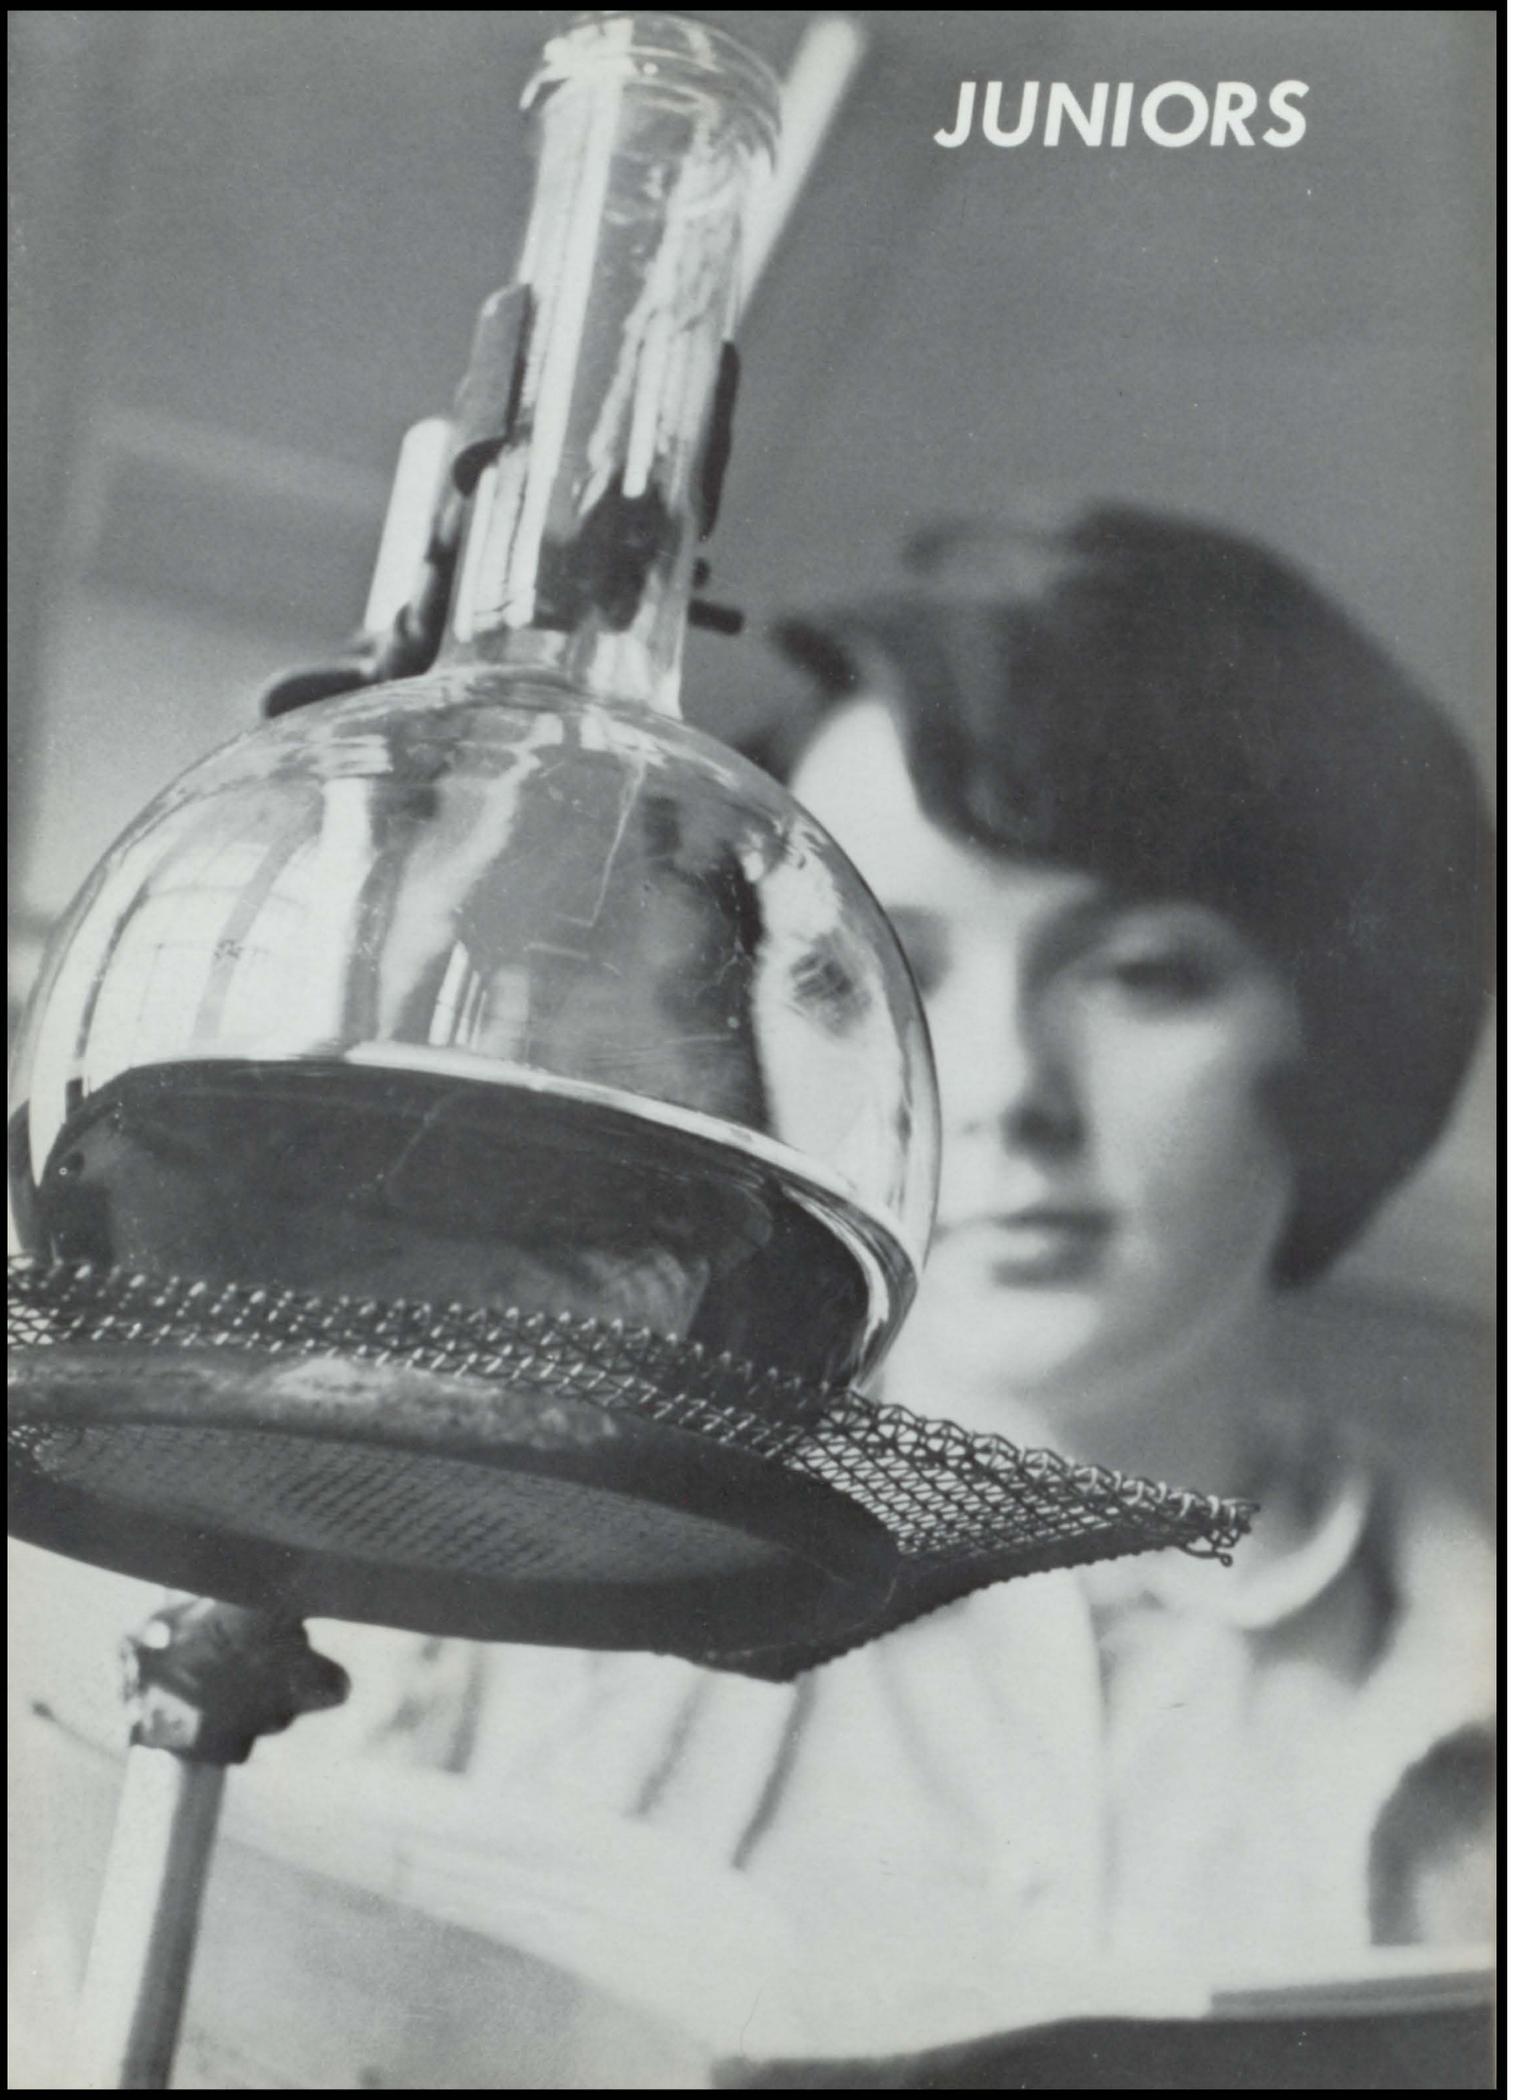

Mr. Edwards speaks ...

Halleluhah! It's over!

SUPPLEMENTARY PROBLEMS

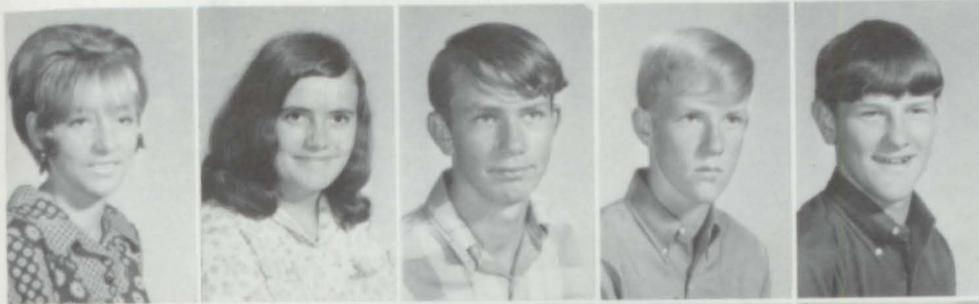

117. If 2 is added to the numerator and 1 is added to the denominator of a fraction, the value of the resulting fraction is $\frac{1}{2}$. If 3 is subtracted from both numerator and denominator of the given fraction, the value of the resulting fraction is $\frac{1}{3}$. Find the original fraction.

118. A master plumber can do a certain job in 42 hrs. His apprentice requires 48 hrs. to do the work. If the master works 4 hrs., how much time will the apprentice require to complete the work?

119. Mrs. Andrews made a round trip of 420 miles by automobile. Her time going was 1 hour more than her time returning. Her rate going was 7 miles an hour less than her rate returning. What was her rate each way?

120. Mary can swim 1 mile in 40 min. with water. She swims 1 mile downstream, rests 20 minutes, and then returns, the return trip taking 38 minutes. Find the rate of the current.

SPONSOR:
 Mrs. Horton

The Beta Club seeks to honor those students in grades 10, 11, 12 who excel in the ideals of leadership, scholarship, service, and character. Activities include the State Convention, a formal induction ceremony, installation of officers and a tea. The Club's main projects were the design and purchase of a school flag and the organization of a Junior Beta Club. Honorary membership was extended to Mrs. Ruth Ashwander and Mr. Billy Rau for their services to the club, school and community.

Teachers Appreciation Day —

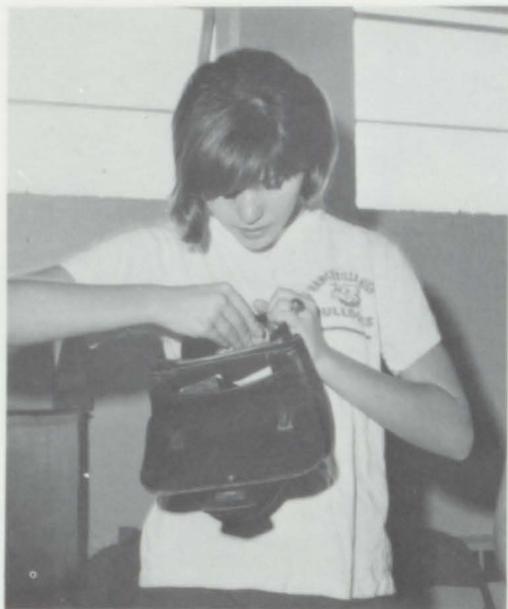

Each year the F. T. A. salutes the faculty of our school on Teachers' Appreciation Day. This is a day when students who wish to become teachers are able to experience some time in a teaching position. This is truly a day of trial and testing for the students, and a day of relaxation for the teachers. The entire faculty is treated to refreshments in the Home Economics Department.

This is also a time when we experience the revelation of the full value of a teacher.

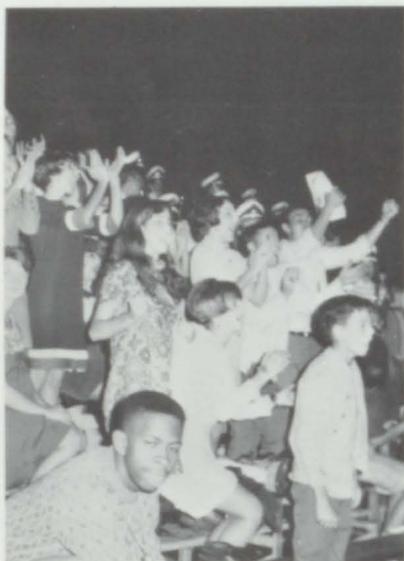

I know it's here somewhere!

Maybe 1972 will be your year Mrs. Clark!

Come on, Bulldogs, we're behind you all the way!

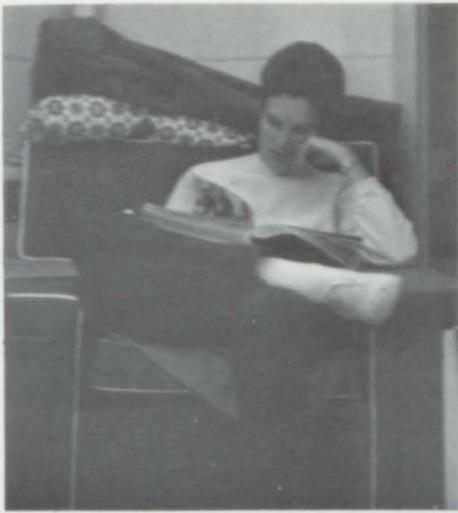

Remember, Mr. Rau - You asked for it!

Ah Ha Caught ya, Linda.

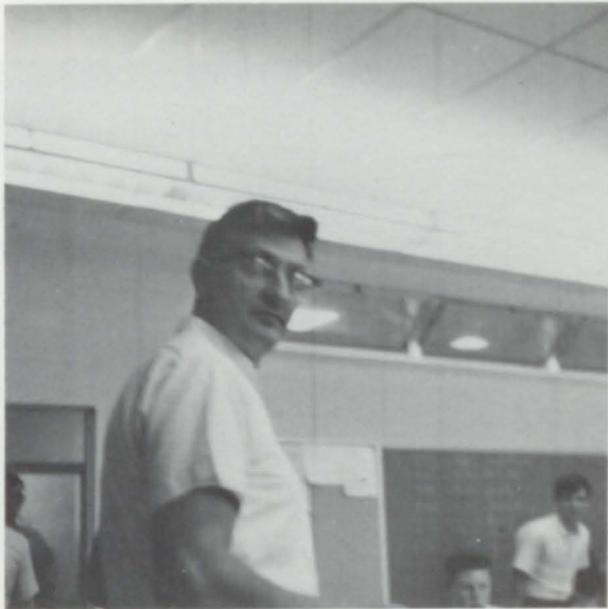

What ya hidin' Jane?

And Grows

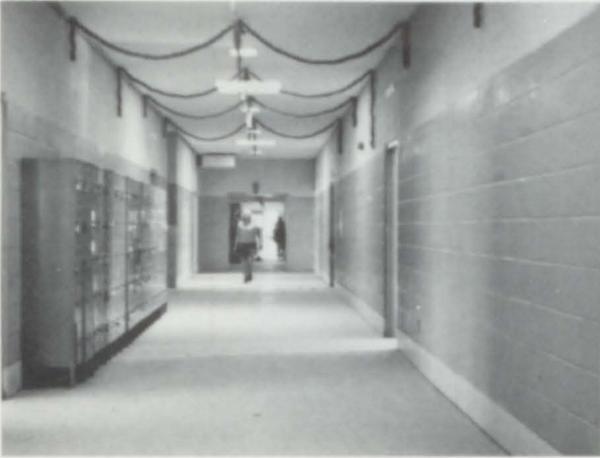

— *Rally*

'Til Homecoming

Memories of This and That

Ready for Christmas.

The Jr's sell magazines.

Did you ever get caught.

Ain't we the cats.

We know sailors travel lots, but couldn't he hang his hat.

And Mrs. Alley buys a rocker.

As we pass for the last time through these hallowed halls as a student of Hanceville High School, we must stop for a while to remember the past six years of our lives.

We chuckle to ourselves as we remember how we entered the seventh grade clutching to one another for protection from all those "big people" in high school. We remember struggling through those long three years of junior high, but we made it - most of us any way.

As sophomores we were in an awkward position - too big for junior high and too small to be a real part of senior high.

But, it was the day we became Juniors that we had something to fight for - to live for. Although we felt looked down upon by the Seniors, we still pressed on. We remember the excitement of ordering our class rings (April 29, 1968), and the hectic business of the magazine and donut sales to raise money for the highlight of OUR year - the Junior-Senior Banquet with its "Moonlight and Roses" (May 4, 1968).

We can also remember the day after the 1968 Graduation when we found ourselves seated in the chairs that last night's graduates had occupied. We were at last Seniors - THE CLASS OF 1969!

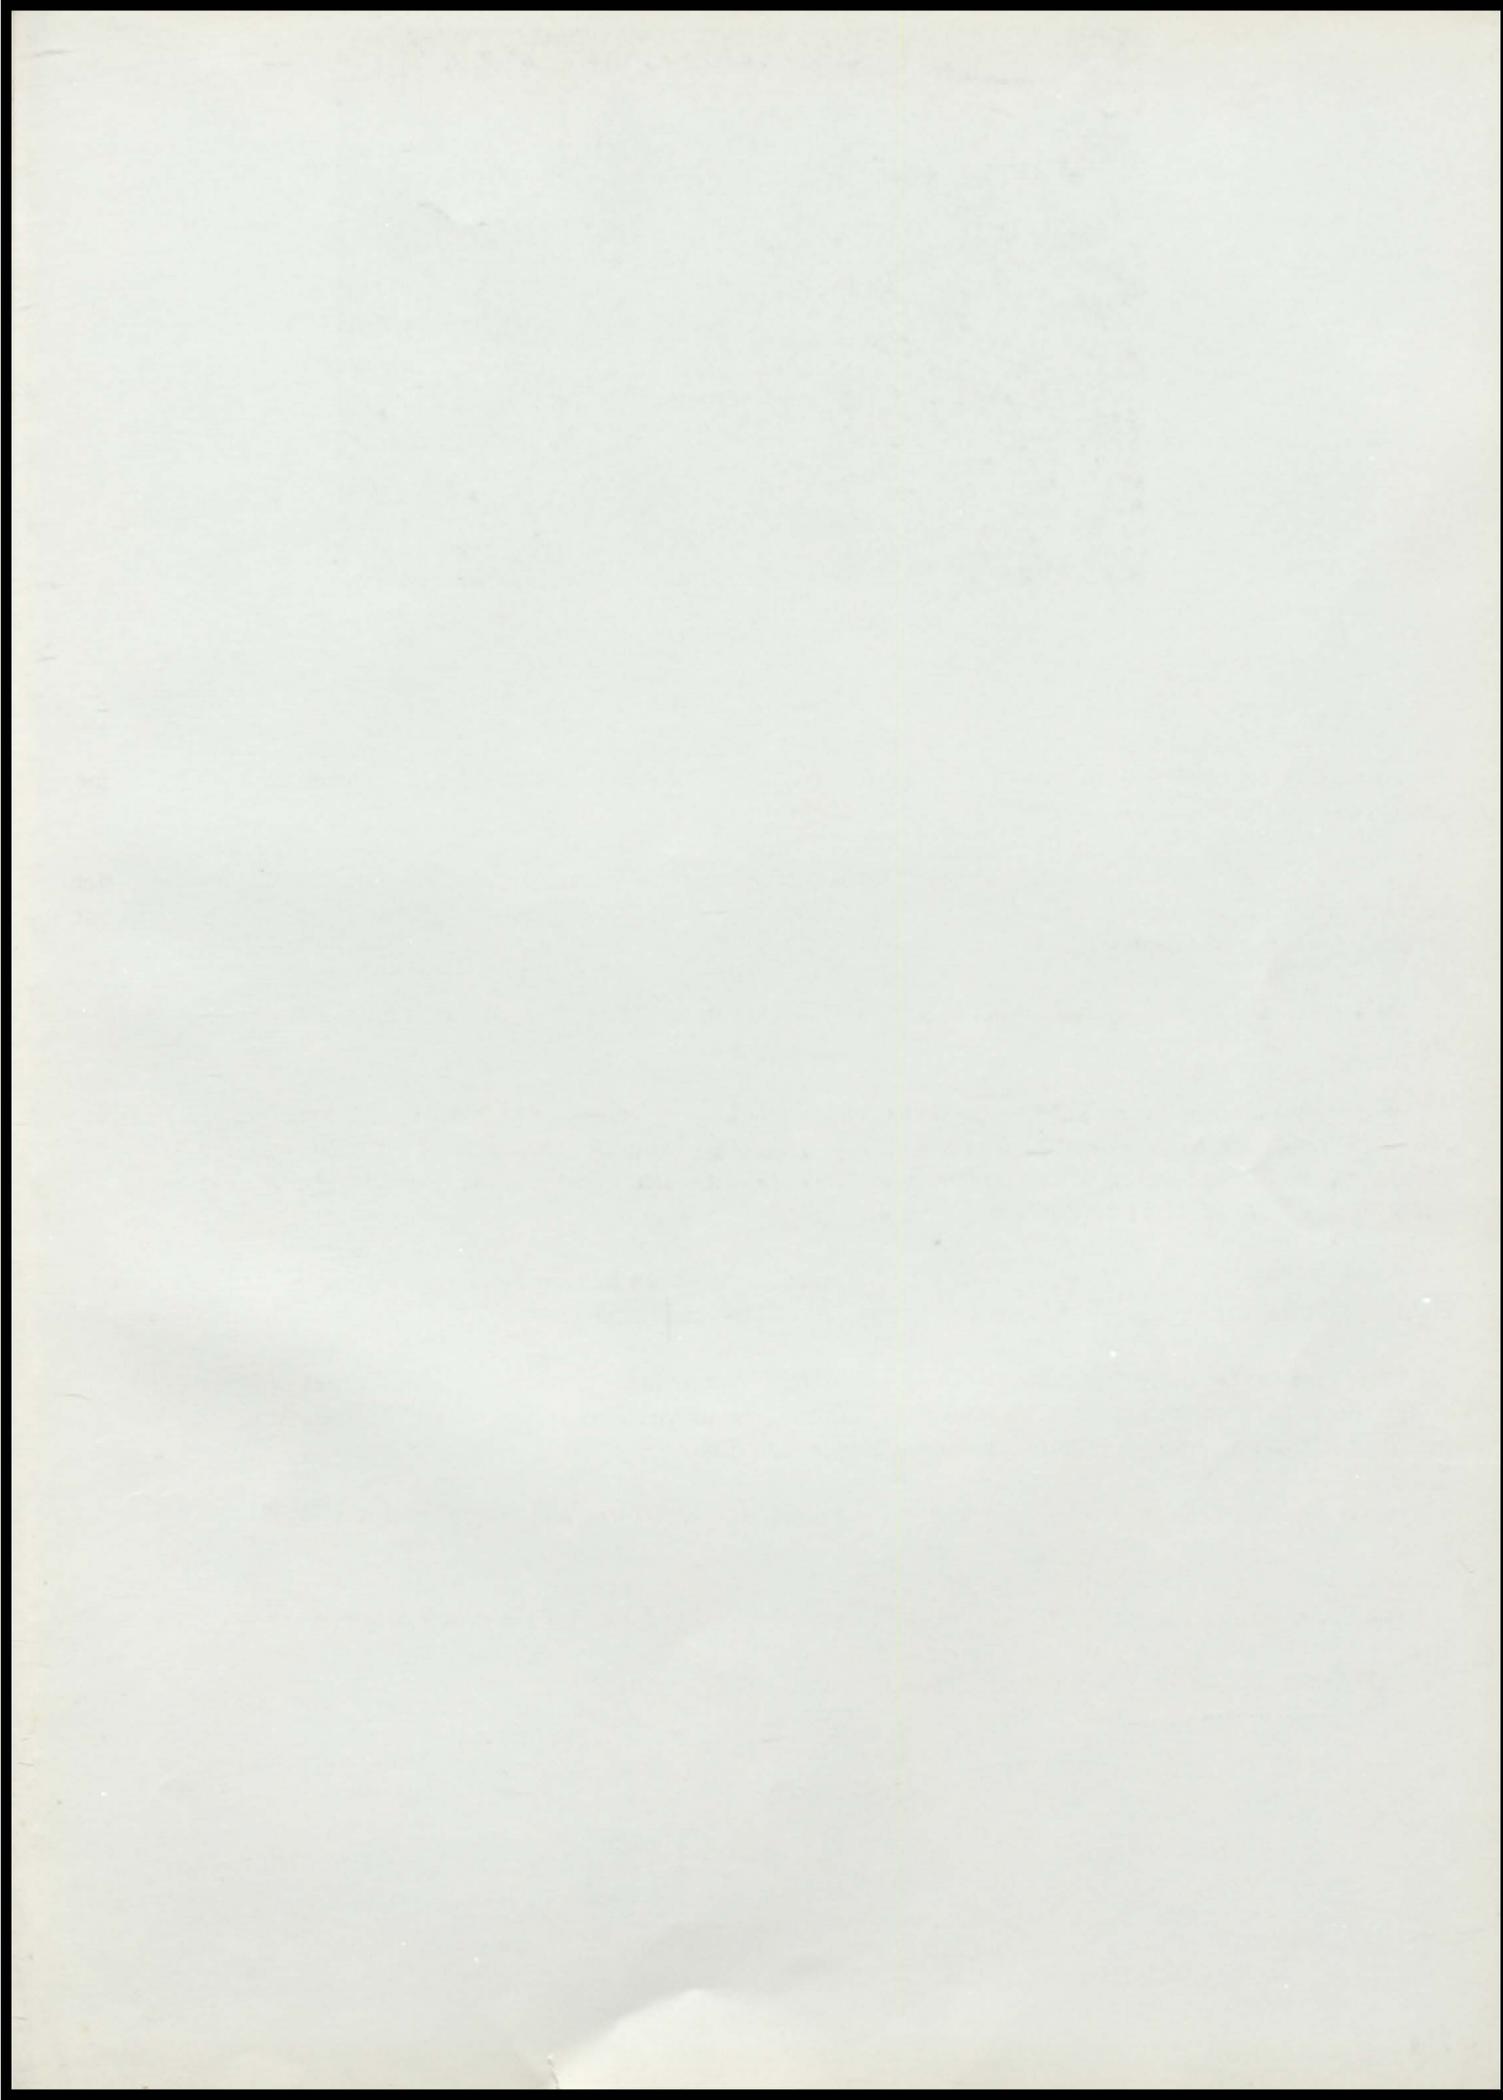

This year has been filled with many changes, surprises, heartaches, headaches and good times. We've grown during these past nine months - probably more than in the past six years combined. We have become individuals, but we shall always remain a part of our beloved Hanceville High.

What lies ahead for us after May 28, 1969? Each of us must go his way and diligently search for his place in this world.

We leave with you a challenge and may these words ever resound along the corridors of HHS—

"IMPROVE YOURSELF TODAY, IMPROVE THE WORLD TOMORROW!"
