TO MRS. BETTINA P. HIGDON
who inspired us to look for greater
achievements in life, and whose de-
lightful personality has won the love
and admiration of the student body--
we fondly dedicate this 1953-'54
edition of

THE WARRIOR

Administration

Principal's Message

The West Point School has grown from a small high school in the year of 1935, to one of the larger high schools in the county, in 1954. Therefore, we are grateful for every sacrificial effort on the part of the students, community, and faculty, and previous years, that gave encouragement to its rapid growth.

It is a challenge for us, who are now members of this school, and to our posterity to continue this merited service that our school may continue to grow.

It is very obvious that the 1954 yearbook is the best one that our school has published thus far.

There has been unity of purpose on the part of the editorial staff. They are to be congratulated!

I humbly take this space in your annual to pay tribute to the late LEONARD JOHN WAGNER, founder of THE WAGNER STUDIO, in 1896, yes, 58 years ago.

At the age of seventeen, Mr. Wagner began his career as a photographer.

Mr. Wagner's first "picture taking" place was under the back porch of his old home place. Later he moved to the top of the back porch of the same place. He, himself, built a small out-house to do his work. He added to his small one room house and later built The Wagner Studio building that is still in progress.

As my father would want it, I, his son, keep adding the latest in equipment and putting forth my best efforts, to maintain the fine reputation that he established.
